I was ignorant and then being sceptical about Longevity, now I have completed the lessons, helped myself with adjustments and helped people, I totally believe the amazing and wonderful applications of Longevity.

During the lessons and practice in the treatment centre, observed the volunteers and learners alike full of confidence and eagerly to help people, I believe it is the wondrous of Longevity's ability in healing people's mind.

After the chakras opened and back to my seat, could feel the energy passing through the body like a mice running across, I did according to what the teacher instructed, placed the hand on the uncomfortable area, the amazing thing was I could feel the powerful receiving of energy, it is a comfortable feeling, knowing Longevity is so good.

For years I have been suffering from severe insomnia, and nighttime scared me, had to take medication to get to sleep. When the teacher introduce Longevity therapy for insomnia, could not wait to get home and do exercises, now, do not need to take medications, have threw them away, learning Longevity is so good.

As a child already have problem with mid-ear inflammation, not so serious, but when it flares up, get very unbearable. Also troubled with double hearing, often being misunderstood by the colleagues that I ignored them, in fact, it is the hearing problem. After many adjustments, felt the hearing is back to normal; Longevity is giving me so much.

Man over 50 years of age, the annoying problem with prostate also troubling me for years, also have been walking backward and forward outside the door of nephrology x-ray department many times, did not have the courage to go inside. It is said that operation would be quicker, just as well, there is Longevity, do away with the cut, so good.

My niece complained of blocked nose and asked me to apply adjustments, as soon as I placed my hands, straight away from my mouth and said, "You are quite serious". After the adjustments and asked how she felt, she gave me a strange
